Spring/Summer Skills Sessions Changes:

- We are Expanding Time slots to 5:00, 6:00, 7:00 and 8:00 Wed-Fri evenings
- Wed & Thurs skills will be run by Coaches Antonio, Juan and Dwight as they teach advanced skills by stations in pro-style training sessions
- Friday nights will be Shooting Nights with Shooting Form & Advanced shooting.
- We are adding Vertical Leap and Speed Training Wed and Thurs nights

HEZI is a game changer:

Our HEZI class is gaining a lot of interest as some of the top players in the area are signing up. Adding a Hezi (Hesitation) to your skillset will completely change your game. This training will be part of our Spring/Summer skills, but you can get a head start now and use it this high school season. Register online.

Coach Antonio, Juan and Dwight join The Factory Team:

I am extremely excited by these additions. Juan and Dwight were college All Americans and all three were National Champions. They are the next generation of outstanding coaches, and have already begun working with our athletes with great results and extremely positive feedback.
